## Message from our Director May 2023

Teacher Appreciation Week is May 8th through May 12th!!!

I am so proud of our hard working team at Seattle. I see daily the effort they put in to make each child's experience the best. Early Educators are one of the most passionate and hard working professionals. They work in a very demanding field and often get little recognition by our government and community for the work that they do and the regulations set forth on them. Please celebrate their passion for LPW children and what they succeed on a daily basis. Give them a high five, a note, a drawing that your kiddo worked on at home. We have a binder in the Lobby of their favorite things. Check it out. I also ask that you advocate with our government agencies to help our field and our teachers. Send a letter to your legislators and Representatives on how we can support our educators and families. Let's celebrate ECE Teachers this week!!!!

### Upcoming Events

May 2nd- International Harry Potter Day!  
Dress in your house colors. Harry Potter Prize to the class with most house colors.

May 4th- May the Force be with you!  
Dress your lil' ones in Star Wars theme. We will be celebrating and the day will be out of this world.

May 8th-12th- Teacher Appreciation week.  
Please help celebrate all our wonderful teachers this week. They work so hard to make each child's experience amazing at LPW.

### Supporting Your Child's Development.

#### One Step at a Time...

Did you know our teachers do Milestones/Developmental Screenings of each individual child. It is so important that we take time as educators to watch children as they interact, move and play. We take the information that we see and think about how we can build off what each child knows how to do. Observations help us set individual goals, classroom goals, help us plan activities and learn our strengths as educators and challenge ourselves to try new things. These Milestones can help us gauge where your child is at and help you build of your child's strengths.

### Focus on Fun

May we celebrate Asian American & Pacific Islander Heritage Month. We would love for families to bring in their cultural traditions. Stop by the office to help us celebrate you!!!

## Play...Teach...Love

I love how funny they are, and how as a pre-school teacher I can be there for them to show them that they are loved and worthy no matter who they are. They can be different and silly and loved.

What I love about LPW is how welcome and accepting everyone is. How people just care for each other and work to be a part of an actual team. And how the main focus is creating a safe and loving environment for the kids. LOVE, MISS MICHAELA
