

Message from our Director

Hello Bellevue Families,

It's February and love is in the air. We are looking forward to dancing with you all on the 10th! February is often a time of cleansing and growth. I like to spend my free time in February organizing my home and getting rid of things that no longer serve me. February is most importantly Black History Month which creates a fantastic opportunity to teach your young kiddos about equity, diversity and the incredible contributions made to history by black individuals.

Play...Teach...Love

Becoming an early childhood provider is both exciting and educational. Every moment is a teachable moment, our educators get to the children's level giving them the attention and appreciation they deserve. Our staff have taken the initiative to reach out and ask for new methods and/or courses to further their education, offering children better care.
