## Message from our Director

Family Engagement Events- Did you know that LPW holds specific family engagement events throughout the year. We want our families out to participate and be a part of our LPW community. It's so important for your child to see involvement between parents of their friends, to see teachers and parents interacting outside just classroom setting. Come out to our BBQ, OPEN HOUSE/MULTI-CULTURAL POTLUCK AND HARVESTFEST. We also would love to involve you with a parent visitor interaction in the classroom if you have time. Please see office if you are interested.

## Upcoming Events

**In-Service Day- Closed for staff training on Friday April 26th. We will be hosting our Annual Multi-Cultural Potluck/Open House/Portfolio Night on the 26th. Center will open their doors from 4pm to 6pm for this event. We can't wait to celebrate with you.**

## Photo of the Month

Transition Time to Outdoors- Paradise (Age 1-2 yrs.)  
Our kiddos can do so much. Look at these guys listen to instructions, waiting safely and making big movements by themselves. It's about routine and walking them through these important life skills.

### Supporting Your Child's Development. One Step at a Time...

The month of April includes Portfolio Reviews. We will be hosting a multi-Cultural Potluck as well as having parents look over their child's portfolios. We can't wait for you to see your child's progress and spend the evening with you at one of our favorite events.

### Focus on Fun

APRIL IS NATIONAL AUTISM AWARENESS MONTH

Did you know the Month of April is World Autism Awareness Month!

Did you know...

- \*1 in 36 children are on the Spectrum.
- \*Autism varies person to person (no 2 people on the spectrum are alike.)
- \*Children who are on the spectrum do progress in development- early intervention is key.

### Songs & Signs

#### 5 LITTLE RAINDROPS

Five little raindrops  
Plopping on the floor,  
One plopped away,  
And then there were four.

Four little raindrops dripping on the trees,  
One dripped away, and then there were three.

Three little raindrops splashing on my shoe,  
One splashed away, and then there were two.

Two little raindrops starting to run,  
One ran off, and then there was one.

One little raindrop drying in the sun,  
It dried up, and then there were none!

Hold your hands up, and then bring them down a few times in short, straight lines to show the rain falling.

### Play...Teach...Love

Kids are amazing and I love the way they gravitate towards life and have the purest hearts for learning. Kids are the future and being able to positively impact the future is the most rewarding part of my job. I love working with them because seeing them progress and achieve some of the hardest challenges of learning daily life skills gives me happiness knowing that they're able to gain those skills to take with the throughout their entire lives. Knowing that every positive interaction they have with me now will affect them for the rest of their lives gives me hope for the next generation.

Love, Tayonna (Metropolis Teacher)
