2024

## Message from our Director

Our Seattle center would like to congratulate our owner and staff on 30 years of hard work and dedication to all our families and ECE professionals. In February of 1994 our Kirkland center opened their doors to serve children. Our owner and team have made it a mission to give children the very best early learning experience and support parents and ECE Educators as much as possible through the years. This is only possible by extremely hard work, creativity and flexibility. Congrats Deanna (Owner), Shawn (GM) and all the LPW team members and alumni for making 30 years possible! Can you imagine how 30 years of quality care has impacted our future generations and world?

### Supporting Your Child's Development. One Step at a Time...

This is the first month of our new Pre-K program in Metro. It was a big change to no longer offer After School Program to our Kiddos. We needed the room for our younger kiddos to grow. We are so excited to see how our older Pre-K kiddos flourish in Metro. Stay tuned for all our great posts on Instagram and Facebook.

### Focus on Fun

It's Black History Month. - How do you celebrate Black History in your household? We will be sharing children's authors, musicians, athletes, scientists, educators and hero that have made an impact in our world. Please partner with us to continue this topic at home. 😊

### Songs & Signs

#### I Like You!

Tune of "Are you Sleeping?"

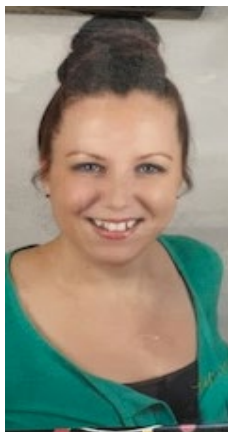

I like you; I like you!  
Yes, I do; Yes, I do!  
Friends are for sharing!  
Friends are for caring!  
I like you; I like you!

### Play...Teach...Love

I love teaching children about empathy and kindness, and watching children grow and develop their own personalities. Seeing the children form friendships and learning how to get along is one of my favorites. Music is one of my passions and I find that's it motivates the little ones. I love to see the excitement when I sing their name and when I sing their favorite songs.

Love, Miss Carrie
